Making an Impact In and Outside the Classroom

## ABOUT HOSPITALITY COACHES

OHI's Hospitality Coach Program provides a framework for schools to access Hospitality Coaches through school career visits. With their expertise in their sector, these hospitality leaders are excited and ready to visit schools and speak with students about the hospitality industry at the elementary, high school, and post-secondary level. Coaching can be used as a powerful tool to mentor, support and enhance the development of youth in their hospitality career journey.

Do you have an interesting career path that took you to where you are now? Are you passionate about engaging the next generation of young workers? Join OHI's Hospitality Coach Program where you'll have the opportunity to visit classrooms across Ontario and/or in your community, both virtually or in-person. We offer all hospitality coaches with a virtual orientation training program to help prepare and support your school visits. Ready made Powerpoint templates are available for both elementary and high school mentor presentations.
